

# SPIRITUAL PATHWAYS TO LIBERATION WITH DR. CHRISTENA CLEVELAND

Beloved Humans,

What a joyous time together.

No matter where we are in the world, we need only look beneath our feet to savor the steady, immovable, calming, solid, deep, rooted, cradling, supportive, sustaining, nourishing, lush, resource-full earth beneath us.

May our collective liberation song grow ever louder, ever clearer, and ever stronger.

With so much love and peace,  
Christena
